Put the missing numbers on the clock.

Cut and stick ✂ or write. ✏

The clock face has number boxes with the following filled in: 12, 10, 3, 4, 7. The remaining boxes are empty with a center circle.

Cut-out strip of numbers:

| 2 | 8 | 5 | 1 | 6 | 11 | 9 |

Teacher's note: You can repeat this activity by blanking out the numbers on the clock and boxes to cut out, and writing different numbers.

Name _____ Date _____

Full, empty, heavy and light

● **I can use the words *full*, *empty*, *heavy* and *light***

Colour the | heavier | object.
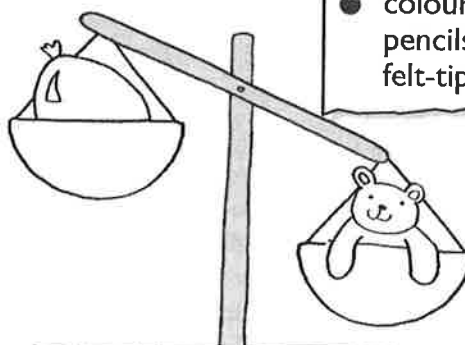

Colour the | lighter | object.
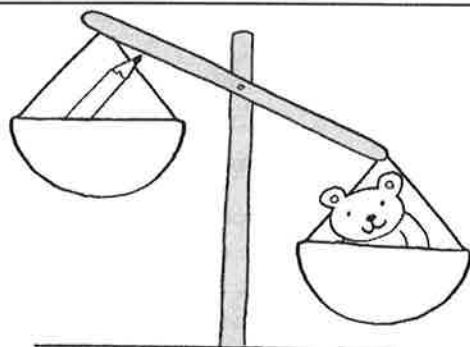

Colour the | lighter | object.
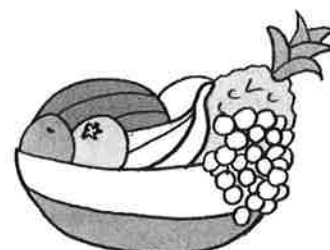

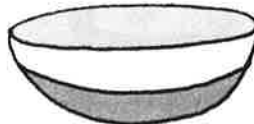

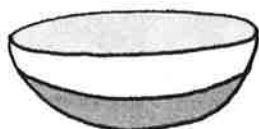

Colour the | heavier | object.

| full | empty | full | empty |

What to do

Top section: Look at each pair of objects in the balances. Follow the instructions to colour the heavier or lighter in each pair. *Bottom section:* Read the label on each character. If it says 'full', join that character to a basket that is full of fruit. If the label says 'empty' then join that character to an empty basket.
