My day at the fire station

On Monday morning my teacher, Mr Clark, told us it was finally the day of our class trip. I was so excited! On the way there I chatted to my best friend Jack.

At 10 o'clock we arrived at the fire station. We said thank you to the bus driver and lined up at the door with our partners.

First we met a lady called Charlie. I was shocked because I thought we would meet a fireman not a firelady.
