From A to Z

In this unit, you'll look at a range of alphabetical texts. You'll make a mini-glossary and write definitions for a class dictionary.

A Glossary of Bird Words

A glossary is a mini-dictionary. It's a list of special words, and their meanings, linked to a topic. Lots of information books have glossaries.

cygnet – a baby swan

duckling – a baby duck

egg tooth – the part of a chick's beak which it uses to break the egg shell
