

Pencil Case Project

Last week we began discussing pencil cases. We looked at the images below and thought about:

- How the pencil cases had been constructed.
- How they fastened.
- What material we thought they were made from and why.

Your task this week is to design and make your own pencil case.

- 1) Find some old clothes or material at home that you can use to make your pencil case.
- 2) Create a design below considering how you can use the resources you have collected.

- 3) Cut out the pieces to make you pencil case.
- 4) Sew them together.
- 5) Decorate your pencil case with decorative stitches, pens, sequins etc.
- 6) Take a photograph of your creation ready to show us when you are back. You might even wish to print this and insert it into your exercise book. We would also like to see your completed plan.
