# Clever jumping

Add numbers mentally

Can you jump from the start number to the target number in the number of jumps stated? You can have two tries at each one!

1 a  $448 \rightarrow 615$  in 5 jumps or fewer

b  $507 \rightarrow 695$  in 5 jumps or fewer

c  $532 \rightarrow 748$  in 4 jumps or fewer

d  $567 \rightarrow 788$  in 4 jumps or fewer

2 Make up some start and target numbers for a partner.
