Main Task

Create your own information page about a habitat of your choice. Use the links above to help you with ideas for what you could include.

Must include:

- Definition of what a habitat is.
- Information on the different animals living in that habitat.
- Characteristics of the habitat itself (weather, plants, etc).
- Range of pictures and colours.
- Fun facts.

Types of habitats you could choose:

- Desert
- Woodland
- Meadow
- Grassland
- Ocean
- Forest
- Seashore

Computing skills you must include:

- A variety of different shaped text boxes.
- Using copy and paste from the internet to select the appropriate pictures.
- Range of different fonts and font sizes.
