

# Reflecting 2-D shapes

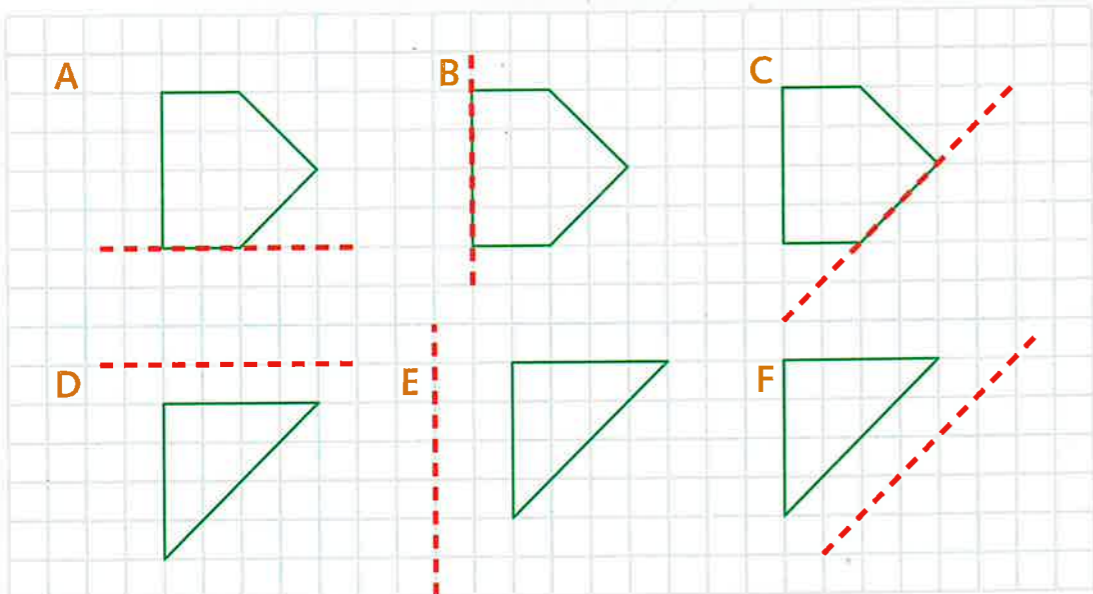

Recognise where a shape will be after reflection in a line of symmetry

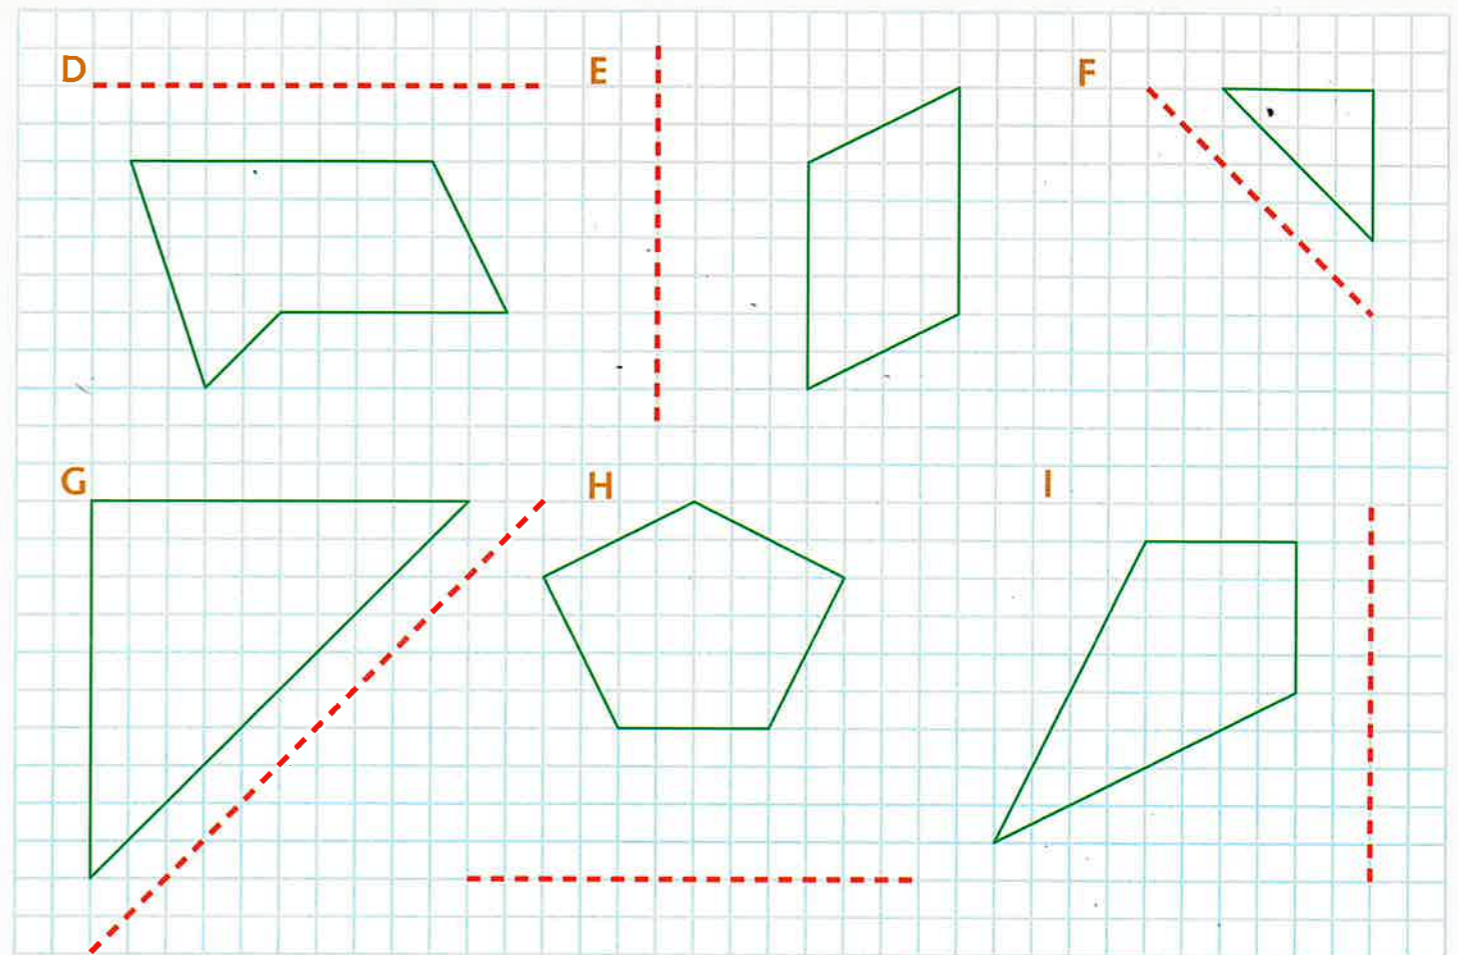

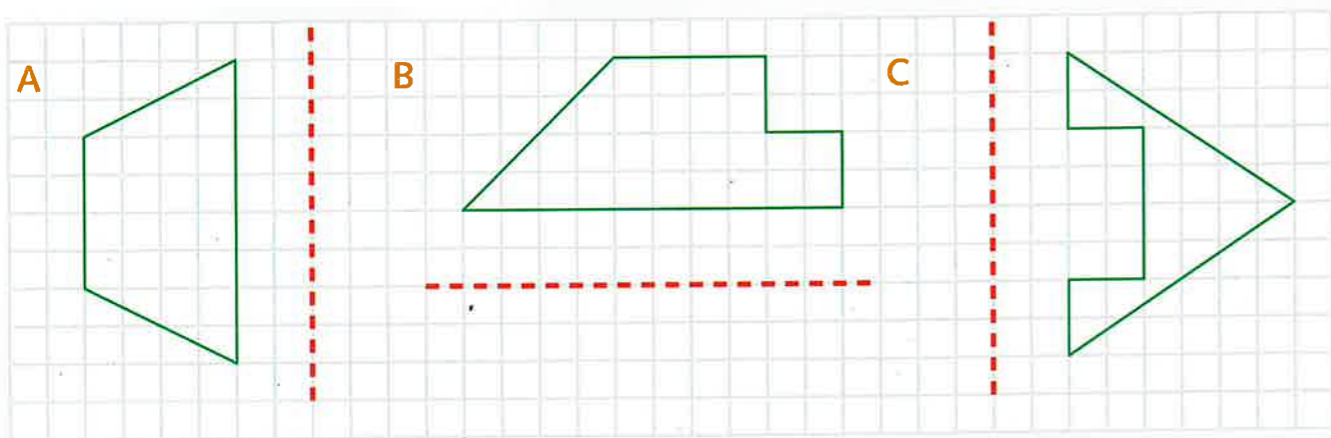

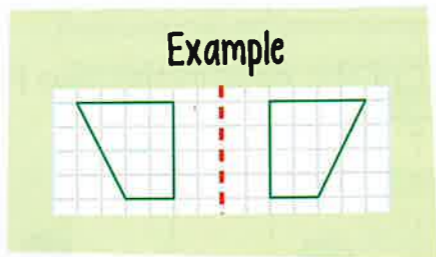

- 1 Copy each of the shapes on to 1 cm squared paper.
- 2 Copy the mirror line.
- 3 Draw the reflected image.

- You will need:**
- 1 cm squared paper
  - ruler

- 1 Copy each of the shapes on to 1 cm squared paper.
- 2 Copy the mirror line.
- 3 Draw the reflected image.

**Challenge 3**

Make an accurate drawing of each pentomino and its reflected image.
