

TEAMWORK

YOUR TASK TODAY IS TO DESIGN TEAMBUILDING TASK TO DO AS A CLASS.

Your game will need a team leader and needs to encourage your group to work well together and build up positive relationships.

Your Task

Create a plan for a team building game that needs a team leader and which encourages your group to work well together and build their relationships.

What will you need to encourage good team work?

You must also consider:

Equipment you will need

Group sizes

Activity timing

If you'd like to work in groups and test your game, we'd love to hear a review of how it went!

This could be as simple as a team-building game, quiz, activity or treasure hunt – it's completely up to you!

What things encourage good teamwork?

What do you feel is important information to know about new friends?

How do you plan to make it fun?

Think hard and be creative. Design in enough detail for teachers to use in school! Good luck!
