

Name: _____

Date: _____

Multiplication: Introducing the expanded written method

Use the expanded written method to calculate $\square \times \square$

Estimate the answer first then use the grid method to work out the answer.

Example

$$63 \times 8 \rightarrow 60 \times 8 = 480$$

	H	T	O	
		6	3	
x			8	
		2	4	(3 × 8)
	4	8	0	(60 × 8)
	5	0	4	
	1			

1 $87 \times 4 \rightarrow$

H T O

x				

2 $79 \times 3 \rightarrow$

H T O

x				

3 $48 \times 5 \rightarrow$

H T O

x				

4 $94 \times 8 \rightarrow$

H T O

x
