

Name: _____ Date: _____

Lines on a 9-dot grid

Recognise perpendicular and parallel lines

You will need:

- ruler
- red pencil

- 1 In grids 1 to 20 find as many different ways to draw two parallel lines as you can.

The lines must be straight, between two dots, without crossing a dot.

- 2 In each grid draw, in red, a perpendicular line which joins the two parallel lines.

1	2	3	4
5	6	7	8
9	10	11	12
13	14	15	16
17	18	19	20
