

Maze challenge

Below is a maze of a variety of different numbers. You will need to begin at the start and make your way to the finish and the rules are as follows:

- You can only go through a number once.
- Every number you go through gets added to your total.

Your task

- 1) Identify a way through in which the numbers add to exactly 100.
- 2) Identify the highest and lowest numbers you can make going through the maze.
- 3) Extension: Find as many different ways through the maze as possible! Count how many you find.
