

Name: _____ Date: _____

Pints and litres card game

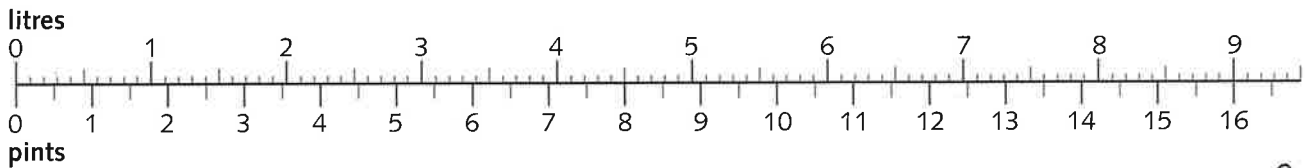

Know the imperial unit pints and the rough metric equivalent in litres

Play this game with a partner.

- Cut out the cards and place them face down on the table.
- Take turns to turn over two cards. If a card in imperial units is approximately the same as a card in metric units, the player keeps both cards and continues with another turn.
- If the cards do not match, the player puts them back on the table in the same place. That player's turn is over.
- The winner is the player who collects more pairs of cards.

You will need:

- scissors

1.7 l	2.5 l	50 l	9 l
7 l	8.5 l	18 l	14 l
3 pints	4.5 pints	90 pints	16 pints
12.5 pints	15 pints	32 pints	25 pints
