

Name: _____ Date: _____

Spin to win

Add and subtract mentally whole numbers and decimals

Play this game with a partner.

- Choose a 6-digit start number together, and both write it in the top box of your grid.
- Decide together whether to add or subtract.
- Take turns to:
 - spin the whole number spinner
 - add or subtract the spinner number from the start number
 - write the answer in the next box.
- Have ten turns each.
- If you are adding, the player with the larger number wins.
- If you are subtracting, the player with the smaller number wins.

Player 1 _____

Player 2 _____

Play again on the back of this sheet. This time, choose a decimal start number and use the decimal spinner.
