

# LIFE CYCLE TABLE

Use this table to record the results of your research into the life cycle of a mammal.

Name of mammal:

<p>What do they look like when they are born? <i>For example, do they have fur?</i></p>	<p>What happens as they grow up? <i>For example, who looks after them and how?</i></p>	<p>How long does it take before they become adults, ready to have young themselves?</p>	<p>What happens to them as they get older? <i>For example, do they reproduce more than once, is life expectancy the same for males and females?</i></p>	<p>How long might they live?</p>
