

2nd October 2023

Dear Parent / Carer,

We are incredibly proud of the diverse range of musical opportunities available at South Farnham School. In addition to our timetabled whole class music lessons each week, many children at the Junior Site choose to learn an instrument in school through our partners *Surrey Arts* and *Omar Hayes - Drum Teacher*.

These music lessons take place during the school day in our dedicated music practice rooms with specialist instrumental teachers. Options are available for 20-minute and 30-minute 1:1 lessons, with small group tuition available for some instruments at a reduced fee.

Registration is currently open for individual and small group music lessons at our Junior Site directly via our partners below:

Instrument	Contact Details for Lesson Application
Brass	Surrey Arts: www.bit.ly/SA-SpeedAdmin (Online Applications) 01483 519303 (Telephone) surreyartsmusic@surreycc.gov.uk (Email)
Piano	
Strings	
Voice	
Woodwind	
Drums	Omar Hayes – Drum Teacher: thedrumteacher@gmail.com (Email)

Please contact the providers above for further information, including to register for lessons and details of fees. Please note that all transactions are handled directly by the providers and not by the school.

There are wide ranging benefits to taking up music lessons and they are wonderful opportunity for children to express themselves musically, develop lifelong skills and pursue their talents. We would therefore be delighted to see new children registering for music lessons over the coming weeks, embracing the joy of learning a musical instrument.

Should you have any questions about individual music lessons, please do not hesitate to contact me via the school office.

Yours sincerely,

Mr Fitzgerald
