

Dear Parents and Carers,

Surrey County Council are offering Bikeability Level 2 training to South Farnham School students who are in year 6 during the 2023/24 academic year. The courses will be based at South Farnham School.

Bikeability Level 2 teaches skills for cycling in traffic on quieter roads. Your child will learn how to independently:

- make good and frequent observations
- choose and maintain the most suitable riding position in the road
- communicate intentions clearly to others
- follow priorities, particularly at junctions

Trainees learn on roads with different traffic conditions but within a risk-assessed area. The course will begin in the playground where the instructor can assess the trainee's current level of cycling skills. The training will then progress on to the road. The Instructors develop road cycling skills through explanation, demonstration and practical exercises on the road, with individual and group feedback. At the end of the course, each trainee receives a badge, handbook and an assessment certificate. The certificate will help you with the further development of your child's cycling skills.

The Bikeability Level 2 training is offered over the summer holidays. This is a three day course - attendance is required every day of the course. Places are limited so please book as soon as possible. If you find you cannot attend, please email cycletraining@surreycc.gov.uk so they can make the place available.

For more information and to book your place, please click on one of the following links.
